BY:-

- (1) the **LONDON LEGACY DEVELOPMENT CORPORATION ("LLDC")** of Level 9, 5 Endeavour Square, Stratford, London E20 1JN (the "**LPA**")

IN FAVOUR OF:-

- (2) the **OWNER(S) OF THE DEVELOPER'S LAND** from time to time.
- (3) the **GREATER LONDON AUTHORITY** of City Hall, Kamal Churchie Way, London E16 1ZE (the "**GLA**")

INTRODUCTION:-

LLDC (acting as LPA)

- (A) Pursuant to the London Legacy Development Corporation (Planning Functions) Order 2012, at the date of this Deed, London Legacy Development Corporation ("**LLDC**") is the local planning authority for the area within which the Developer's Land is located for the purposes of Part 3 of the 1990 Act. It exercises this power in place of the Host Boroughs.
- (B) LLDC's Board has delegated the exercise of LLDC's planning functions to the department known as the Planning Policy and Decisions Team ("**PPDT**"). Although it acts independently, PPDT remains part of the legal entity that is LLDC.
- (C) It is acknowledged that LLDC will be a time limited organisation and its planning powers will eventually revert to the Host Boroughs. LLDC, in its capacity as local planning authority, shall be herein referred to as the "**LPA**".

LLDC (acting as landowner)

- (D) LLDC is a Mayoral Development Corporation ("**MDC**") established under the Localism Act 2011 and the London Legacy Development Corporation (Establishment) Order 2012 for an area which straddles the boundaries of the four Host Boroughs.
- (E) An MDC's statutory purpose is to secure the regeneration of its area. In support of this statutory purpose, LLDC is the owner of land transferred to it under various statutory transfer schemes and can exercise a range of powers over that land, including management, development and disposal to third parties. This land includes the Developer's Land, the details of which are set out in Schedule 1 to this Deed. LLDC, in its capacity as landowner, shall be herein referred to as the "**Landowner**".

GLA

- (F) The GLA is a body established by the Greater London Authority Act 1999 and exercises strategic planning powers on behalf of the Mayor of London.

The SWFT S106 Agreement

- (G) The LLDC is unable to enter into a bi-lateral deed with itself so as to secure planning obligations given by the Landowner to the LPA (and vice versa) and therefore in order to secure the planning obligations given in the SWFT S106 Agreement it entered into the 2019 SWFT Landowner UU and the 2019 SWFT LPA UU.
- (H) In 2022 changes were required to be made to the SWFT S106 Agreement due to a land swap between the London Borough of Newham and LLDC that related to certain titles in land then known as the RRRW Site. On the basis that the Landowner and the LPA could not enter into a bi-lateral deed of variation it was agreed that the 2019 SWFT Landowner UU and the 2019 SWFT LPA UU would each be withdrawn and, respectively, replaced by new unilateral undertakings that would secure the planning obligations contained in the 2022 SWFT S106

Agreement. These two unilateral undertakings are the 2022 SWFT Landowner UU and the 2022 SWFT LPA UU respectively (together the “2022 SWFT UUs”).

- (I) Under the terms of the 2019 SWFT Landowner UU and the 2019 SWFT LPA UU, the GLA is the recipient of covenants relating to the provision of affordable housing contained in Schedule 1 of the 2019 SWFT S106 Agreement. As part of the process for putting in place the 2022 SWFT Landowner UU and the 2022 SWFT LPA UU, the GLA agreed to the withdrawal of each of the 2019 SWFT Landowner UU and the 2019 SWFT LPA UU; to give effect to this the GLA entered into the 2022 GLA SWFT UU.

The BWT Permission and PML Permission

- (J) The BWT Permission was granted on 13 April 2023 and relates to part of what is referred to in the 2023 SWFT S106 Agreement as the Pudding Mill Site. The PML Permission was granted on 13 September 2023 and relates to the remainder of the Pudding Mill Site that is not covered by the BWT Permission.
- (K) The 2023 SWFT Landowner UU and the 2023 SWFT LPA UU, which secured the 2023 SWFT S106 Agreement, were entered into on 13 April 2023 in connection with the BWT Permission. The LPA recognised that the BWT Permission and BWT S106 Agreement required certain changes to be made to the 2022 SWFT S106 Agreement which had been secured via the 2022 SWFT UUs. Accordingly, the 2023 SWFT Landowner UU and the 2023 SWFT LPA UU provided for the 2022 SWFT LPA UU and the 2022 SWFT Landowner UU to be withdrawn and the 2023 SWFT Landowner UU and 2023 SWFT LPA UU to replace the same.
- (L) The changes made by the 2023 SWFT S106 Agreement related to Schedule 1 of that agreement and were necessary to ensure that the Portfolio Requirement in respect of the Pudding Mill Site is consistent with the affordable housing obligations secured under the BWT S106 Agreement. When the PML Permission was subsequently granted (and the planning obligations under the PML S106 Agreement secured), these too were consistent with Schedule 1 to the 2023 SWFT S106 Agreement.
- (M) The SWFT RMA was submitted on 5 March 2024. On 25 June 2024 the LPA’s planning decisions committee resolved to approve the SWFT RMA subject to the 2023 SWFT S106 Agreement being amended to secure planning obligations related to design retention and financial contributions.
- (N) The Landowner, the LPA and the GLA have also agreed to make further changes to the affordable housing and viability review provisions in Schedule 1 to the 2023 SWFT S106 Agreement, which are considered appropriate to address delivery and viability challenges in relation to the Portfolio Requirement.
- (O) A copy of the 2023 SWFT S106 Agreement, with the changes that will be made when the 2024 SWFT S106 Agreement takes effect and which are shown in track changes, is appended at Appendix 2 for information purposes only.
- (P) The LPA considers it expedient in the interests of the proper planning of its area and for the benefit of the public at large and having regard to all other material considerations that provision should be made for regulating the Development in the manner set out in the 2024 SWFT S106 Agreement.
- (Q) The LPA is satisfied that the planning obligations contained in the 2024 SWFT S106 Agreement meet the three tests set out in Regulation 122 (2) (a) — (c) of the Community Infrastructure Levy Regulations 2010 (as amended).
- (R) LLDC also recognises that while it is both Landowner and LPA it cannot enforce the obligations secured by this Deed against itself. If a breach of the terms of this Deed occurs while LLDC is both Landowner and LPA, the LPA and Landowner will seek to resolve that breach in accordance with the terms of the Enforcement Protocol. The Landowner agrees the same in the 2024 SWFT Landowner UU.
- (S) The LPA unilaterally undertakes to the GLA to observe the terms and perform the LPA’s obligations in Schedule 1 of the 2024 SWFT S106 Agreement. This covenant is given in return

for the GLA's agreement in the 2024 GLA SWFT UU to the withdrawal of the 2022 SWFT LPA UU and the 2023 SWFT LPA UU.

- (T) This Deed is to be read alongside each of the 2024 SWFT Landowner UU; the 2024 SWFT GLA UU; the 2024 SWFT S106 Agreement; the BWT Landowner UU; the BWT LPA UU and the BWT S106 Agreement; the PML Landowner UU; the PML LPA UU and the PML S106 Agreement.

3.4 When the LPA or its External Consultant has completed its assessment of the information submitted pursuant to paragraph 2 of this Part 3, the LPA shall notify the Developer in writing of the LPA's decision as to whether any Additional Affordable Housing is required and whether the submitted Additional Affordable Housing Scheme is approved.

3.5 Where the LPA concludes that Additional Affordable Housing is required but the Developer's initial submission concluded otherwise, the Developer shall provide an Additional Affordable Housing Scheme to the LPA for approval (such approval not to be unreasonably withheld or delayed) within 20 Working Days of the date on which it receives the LPA's notice pursuant to paragraph 3.4 of this Part 3.

then in either scenario the Developer shall pay any such surplus profit allocable to any incomplete units of Additional Affordable Housing to the LPA as a financial contribution towards offsite Affordable Housing.

3.8 If the LPA's assessment pursuant to paragraph 3.4 of this Part 3 concludes that in relation to the RRW Development a surplus profit arises following the application of Formula 1a, but it is not considered possible to deliver part or all of the Additional Affordable Housing pursuant to Formula 2 as

3.8.1 the tenure split of the Affordable Housing in the RRW Development delivers 80% of the Affordable Housing Units as Low Cost Rented Housing (PROVIDED THAT the Portfolio Requirement has already been satisfied); and

3.8.2 a contract has been entered into for the delivery of the Pudding Mill Development (or part thereof) and a planning application has been submitted in respect of a Pudding Mill Consent, and where procurement relating to the Pudding Mill Development has commenced and the Developer can demonstrate through submission of evidence to the Local Planning Authority that it has explored all the potential options and that there is no reasonable prospect to provide any Additional Affordable Housing on the Pudding Mill Development and this is approved by the Local Planning Authority acting reasonably; and

3.8.3 the Developer can demonstrate through submission of evidence to the Local Planning Authority that provision of Additional Affordable Housing would be prejudicial to the Delivery Programme and viability of the Pudding Mill Development, and this is approved by the Local Planning Authority acting reasonably,

then the Developer shall pay any such surplus profit to the LPA as a financial contribution towards offsite Affordable Housing.

3.9 Notwithstanding the conclusion of any Viability Review the Developer shall not be required to provide:-

APPENDIX 3 - ENFORCEMENT PROTOCOL

LONDON LEGACY DEVELOPMENT CORPORATION

s106 ENFORCEMENT PROTOCOL

1. INTRODUCTION

- 1.1 In March 2012 the London Legacy Development Corporation (LLDC) was established as a Mayoral Development Corporation with responsibility for regenerating an area of east London focused on the Queen Elizabeth Olympic Park. Subsequently, various transfer schemes transferred land including the Olympic Park to LLDC.
- 1.2 On 1 October 2012, LLDC also became the local planning authority for the land within its area. LLDC's planning powers were delegated by a resolution of LLDC's board to the Planning Policies and Decisions Team (PPDT)¹, a directorate within LLDC which reports to LLDC's Board.
- 1.3 From a planning perspective, LLDC combines in a single legal entity two distinct roles; firstly as landowner/developer whose land is already bound by several agreements made under S106 of the Town and Country Planning Act 1990 (a S106 Agreement), secondly as the planning authority responsible for enforcing compliance with those agreements.
- 1.4 As a matter of common law, a single entity can neither contract with itself, nor can it enforce contracts against itself.
- 1.5 The effect of this is twofold:
 - 1.5.1 obligations in existing S106 Agreements cannot be enforced at law by PPDT against LLDC as landowner nor by LLDC as landowner against PPDT. NB: this does not affect PPDT's ability to enforce the same obligations against any third party who acquires title to the bound land from the LLDC landowner nor does it affect such third party's ability to enforce the obligations against PPDT. Nor does it affect the ability of any successor organisation of PPDT's planning function to enforce those obligations against both LLDC as landowner/developer as well as against such a third party.
 - 1.5.2 if any changes are needed to any existing S106 agreements binding LLDC land, then a legally binding deed of variation to which LLDC is a party cannot be entered into.
- 1.6 This protocol has been prepared in respect of any planning obligations whether secured by a bilateral or unilateral deed made under s. 106 of the Town and Country Planning Act 1990 to which LLDC is a party as landowner² and which relates to development of land within the area for which PPDT is the local planning authority (a Principal Agreement). It sets out the steps that LLDC and PPDT are committed to taking to manage compliance with such Principal Agreements as well as setting out the approach that LLDC and PPDT are willing to adopt to deal with any variations to such deeds.
- 1.7 In applying this protocol both LLDC and PPDT commit to act reasonably.

2. OPERATION OF S106

- 2.1 Notwithstanding the deeds made under s. 106 by LLDC as landowner cannot now be enforced by PPDT, LLDC and PPDT commit to comply with their terms as if they could be enforced.
- 2.2 Annual update reports to be submitted by LLDC within 20 working days of the end of each financial year on what S106 obligations have been triggered, whether such obligations have been discharged, whether there have been any "ghost" deeds of variation to the Principal Agreement (see paragraph 3 below), whether there have been any S106 agreements entered into where third parties have taken an interest in the site to which the Principal Agreement relates (see paragraph 3 below), whether there have been any disputes and the outcome of

¹ In this note "LLDC" refers to LLDC in its role as landowner or developer and "PPDT" refers to LLDC in its role as local planning authority.

² This includes deeds made under s106 relating to land which has been transferred to LLDC

such disputes. Report to be approved by PPDT as a true reflection of the status of the relevant Principal Agreement in the past year and reported to the PPDT Planning Committee for noting. The Annual update reports to be made public so there is transparency.

- 2.3 In the event of dispute regarding the interpretation of the terms of a Principal Agreement:
- 2.3.1 initially to be dealt with between the director of PPDT and LLDC's director of Real Estate. A note will be made of the outcome of the meeting and placed on the relevant planning file.
 - 2.3.2 if the dispute is not resolved internally, it will be referred to a jointly instructed and external, independent legal expert appointed in accordance with the provisions attached at Annex 1 to this Protocol whose decision is binding.
- 2.4 In the event of non-compliance with a term of the relevant deed made under s. 106:
- 2.4.1 PPDT to serve a written notice on LLDC identifying any breach and the steps required to remedy it. LLDC to respond within 10 working days either setting out a reasonable timetable and confirming the steps it intends to take to remedy the breach, or (if relevant) disputing the breach. Unless the procedure described below is triggered, LLDC will carry out the steps in accordance with the proposed timetable.
 - 2.4.2 If there is a factual dispute as to whether there has been a breach or as to the appropriate steps to be taken to remedy any breach, this will initially be dealt with between the director of PPDT and LLDC's director of Real Estate. A note will be made of the outcome of the meeting and placed on the relevant planning file. Follow-up meetings will be arranged as necessary.
 - 2.4.3 If the above steps do not lead to a mutually acceptable solution, each party will prepare and submit a report on the matter, including a recommended solution, to their respective committees. In the case of LLDC, the relevant committee is the LLDC Investment Committee and in the case of PPDT, the Planning Committee. Both committees shall consider the matter and the recommended solution.
 - 2.4.4 If either committee rejects the recommendation made to it, the rejecting committee shall instruct its officers on what further steps to take to try to resolve the dispute.
 - 2.4.5 If both committees endorse the recommendations set out in the respective reports (and assuming that the recommendations of the two reports conflict), the matter shall be referred to the Board for consideration. The Board's decision will be binding on both parties.

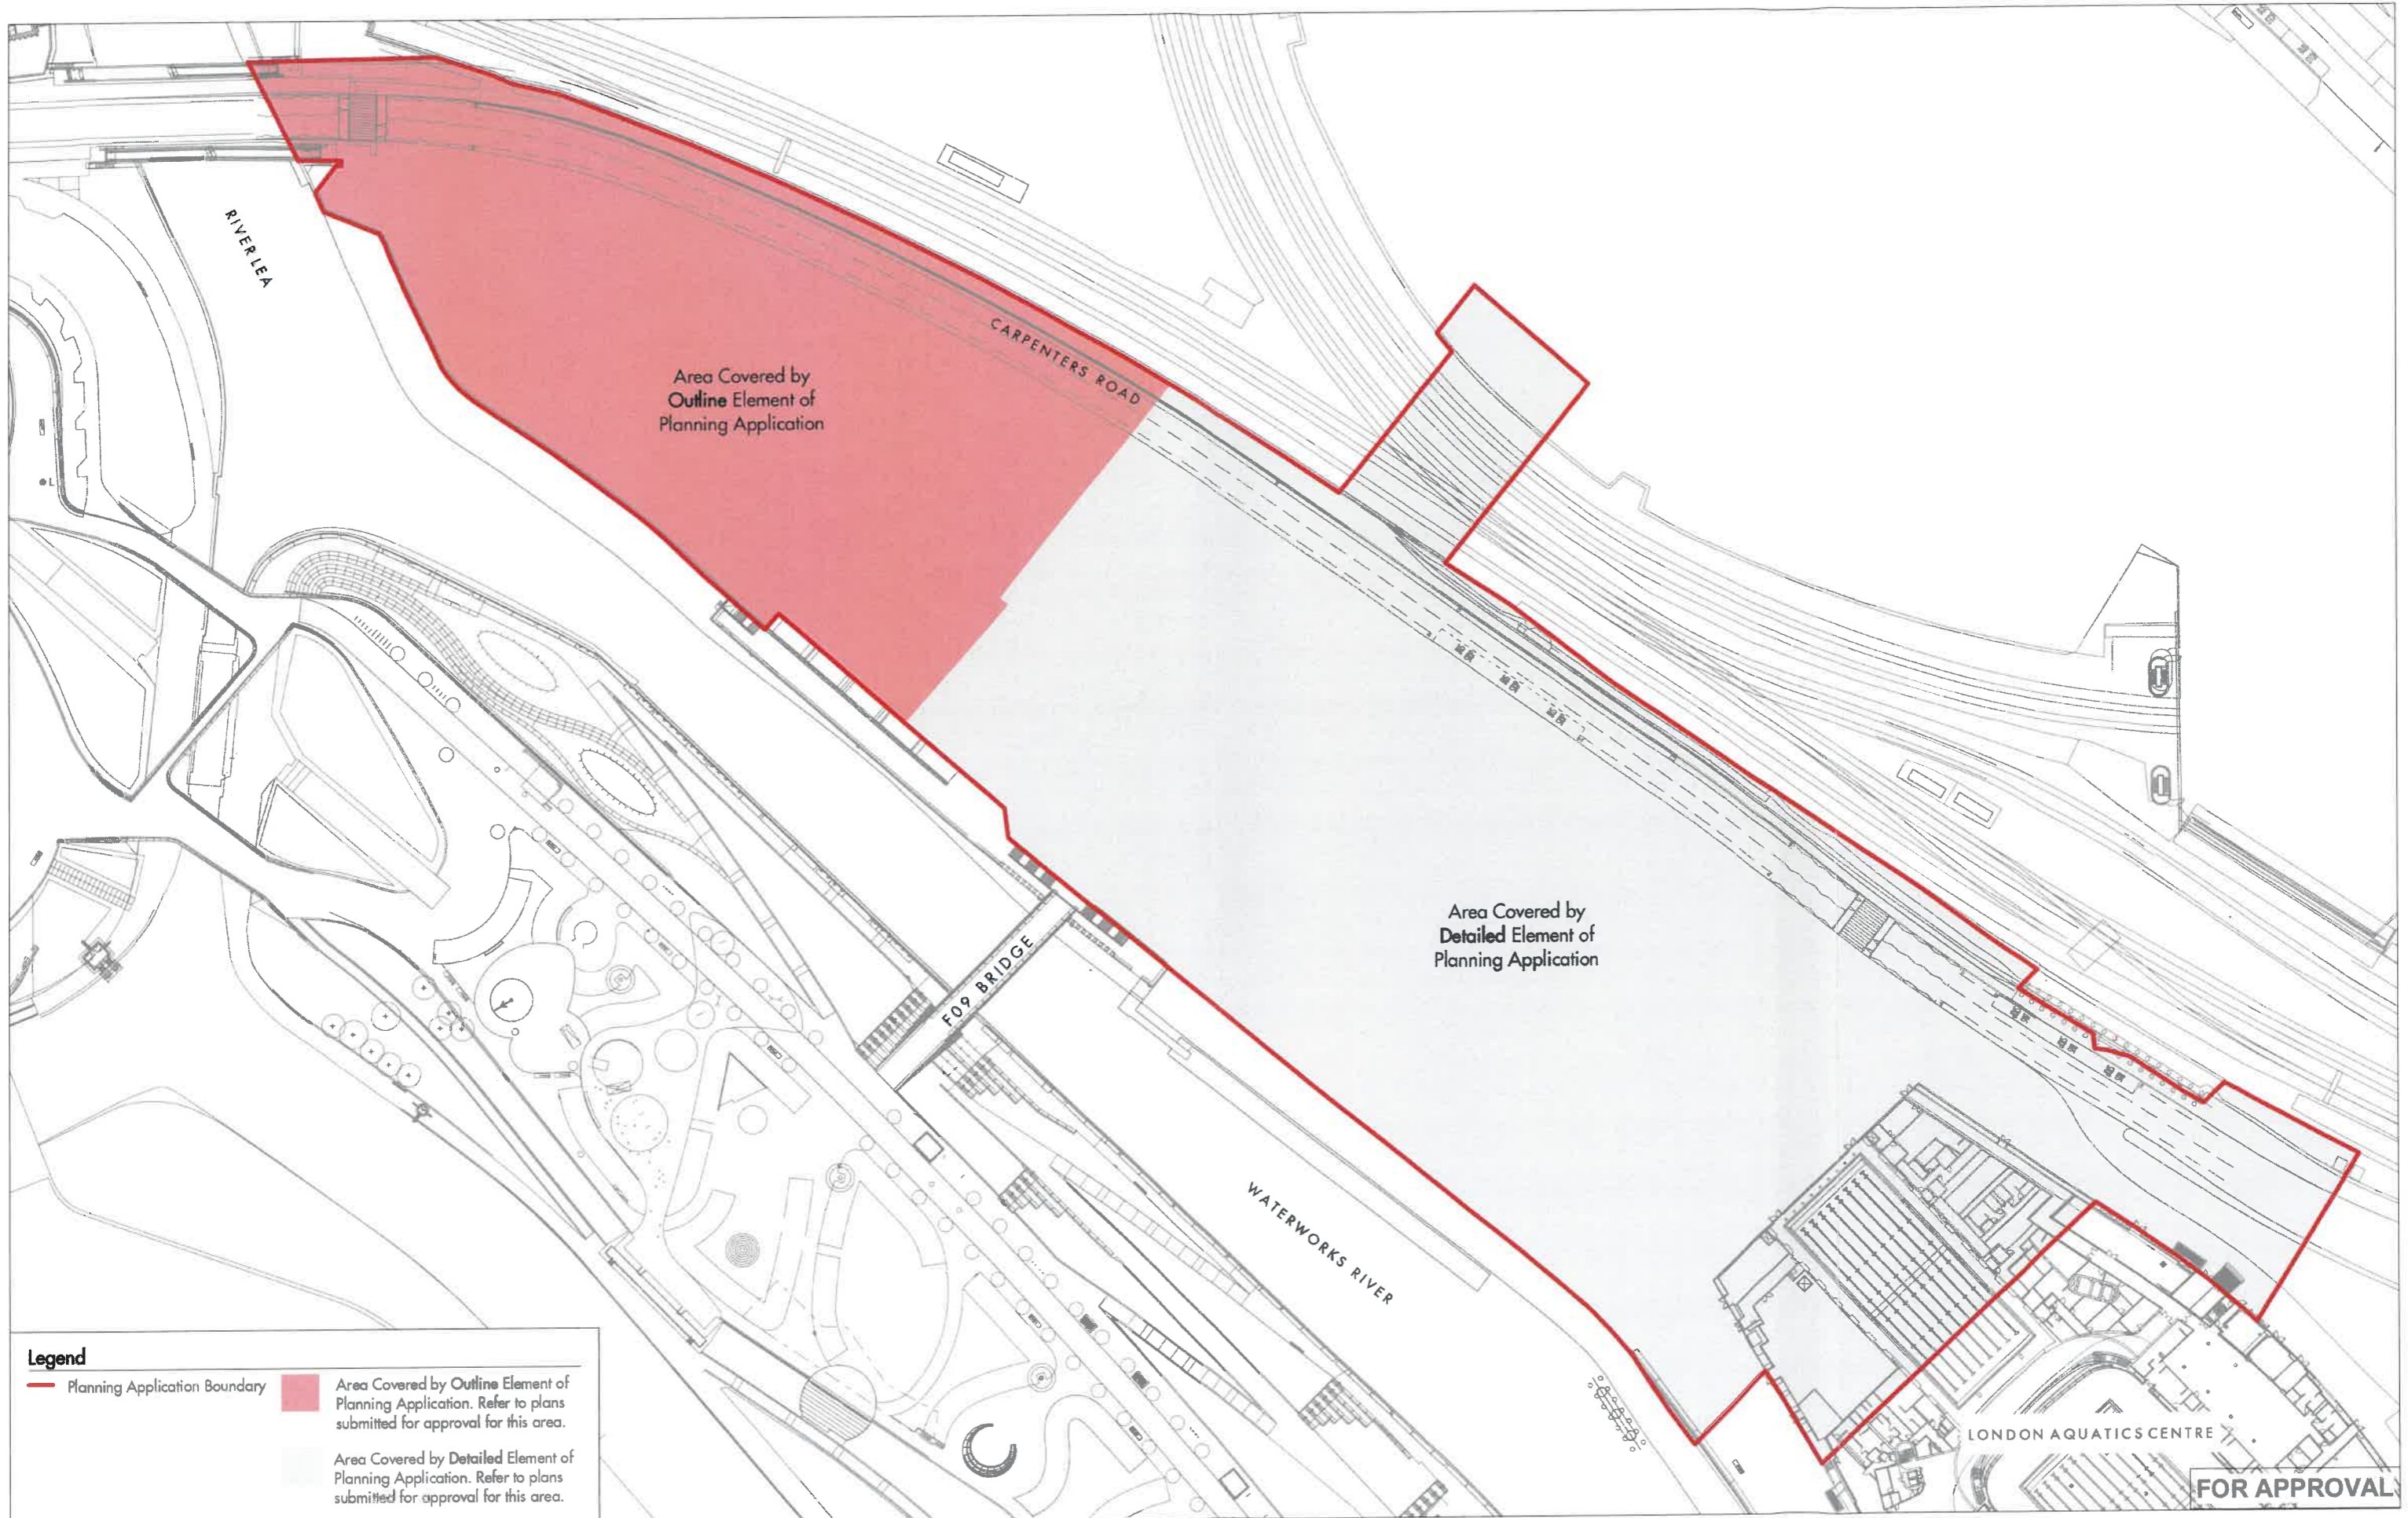

Annex 1: Dispute Resolution Procedure

1. LLDC or PPDT may by serving notice on all the other (the "Notice") refer a dispute to an Expert for determination.
2. The Notice must specify:
 - 2.1 the nature, basis and brief description of the dispute;
 - 2.2 the Clause or paragraph of a Schedule or Appendix pursuant to which the dispute has arisen; and
 - 2.3 the proposed Expert.
3. In the event that the parties are unable to agree who to appoint as the Expert within 10 (ten) Working Days after the date of the Notice then either party may request the President of the Law Society (except where paragraph 7 provides otherwise) to nominate the Expert at their joint expense.
4. The Expert shall act as an expert and not as an arbitrator and his decision will (in the absence of manifest error) be final and binding on the parties hereto and the Expert's cost shall be awarded at his discretion or in the event that he makes no determination, such costs will be borne by the parties to the dispute in equal shares.
5. The Expert will be appointed subject to an express requirement that he reaches his decision and communicates it to the parties within the minimum practicable timescale allowing for the nature and complexity of the dispute and in any event not more than 20 (twenty) Working Days from the date of his appointment to act (or such longer period as is agreed in writing between the parties).
6. The Expert will be required to give notice to each of the said parties inviting each of them to submit to him within 10 (ten) Working Days written submissions and supporting material and will afford to each of the said parties an opportunity to make counter submissions within a further 5 (five) Working Days in respect of any such submission and material.
